

JOURNEY BEFORE THE JOURNEY

The process of building and launching a trip

1

SHARE YOUR IDEAS

Your journey begins by reaching out to us with dates, destinations, and other general ideas about the trip. We'll provide you with an itinerary and pricing.

2

CUSTOMIZE

Every trip is a custom trip! Once you see the itinerary, let us know what you think of the price and inclusions. We'll adjust things until it's just the way you need it.

3

GET YOUR TRIP WEBSITE

Seriously, we'll make you a custom trip website! That way- when the time is right- everyone can learn about the trip, register, and pay for it entirely online!

4

LAUNCH IT!

It's finally time to announce the trip! We recommend having a big trip meeting, getting everyone excited, and sharing the link to the trip website. Congrats on completing your first journey. Your next one awaits!
